EXPERIENCE

Teacher

Company, City, ST

08/21 – Present

Respectful elementary school teacher accountable for providing a high-quality education while engaging students in various learning activities from developing literacy and hand-writing skills to enhancing their social and emotional well-being. Efficient in planning, preparing, and delivering instructional design and activities to increase student engagement. Exposing students to new and valuable experiences with the goal of encouraging the development of healthy habits, routines, and behaviors. Demonstrated strong relationship-building skills in providing support to parents, while encouraging active participation in child's education.

- Utilizing strong time management and developed communication skills to facilitate learning and implement structure through lesson plans for 24 students, including bilingual children
- Self-motivated professional in charge of assisting with instructing and supervising students with IEPs and special education needs in classroom activities
- Displayed adaptable and positive mindset by working with individual students, smaller as well as larger groups by using forward-thinking approaches
- Successfully developed and implemented class lessons for individuals with limited communication skills or language barriers
- Demonstrated strong initiative in managing child welfare, concurrently increasing productivity and performance
- Enforced classroom management to influence student behavior and create an environment conducive to learning

Paraeducator
Company, City, ST

08/20 – 05/21

Adept professional responsible for providing exceptional children's care, supporting individual students as well as small groups in their daily assignments, and fulfilling lesson plans. Collaborative team player focused on working with colleagues to foster student's development in the most flourishing way. Efficient in handling classroom management, monitoring student behavior in accordance with outlined guidelines, and assisting in the implementation of curriculum to meet established goals and instructional activities

- Showed enthusiasm while working directly with students and supplemented their education with additional work as well as assignments
- Successfully oversaw recommended students and implemented the best possible behavioral plan
- Showcased outstanding dedication to assisting with instructing and supervising students with IEPs and special education needs to encourage participation in all classroom activities

Student Teacher, Kindergarten and 3rd Grade
Company, City, ST

08/19 – 04/20

Enthusiastic learner with versatile experience in teaching, creating, and implementing lesson plans for different ages and children from kindergarten to third grade. Creative in adapting teaching methods and materials to meet the needs of students with IEPs, special education needs, and individuals of cultural diversity. Embraced all dimensions of diversity in the classroom, treating all students with compassion and respect. Maintained accurate and complete records of student progress and development.

- Helped in design and facilitation of weekly lesson plans and activities in all subjects for a Project-Based Learning classroom of 20-25 students with diverse language and cultural backgrounds
- Utilized various teaching strategies to foster a safe learning environment and encourage student participation in the classroom
- Administered assessments and successfully conducted running records and writing analysis
- Committed to introducing positive classroom management strategies and behavior plans
